MEET AT THE SUMMIT

For Employers & Corporate Partners
The Summit offers a prime platform to connect with a large, highly motivated pool of sales talent. Employers can engage with candidates through multiple touchpoints—a large career fair, professional networking with alumni, exclusive recruiting sessions, and company presentation sessions—building valuable relationships for current and future hiring needs.

For Students
Students from West Chester University and neighboring institutions attend the Summit ready to secure internships, land full-time roles, and learn to take the first step in their sales careers. Attendees gain direct access to recruiters, sales experts, and corporate partners, while learning about the skills and opportunities that define success in sales.
