

## MEET AT THE SUMMIT

---

### For Employers & Corporate Partners

The Summit offers a prime platform to connect with a large, highly motivated pool of sales talent. Employers can engage with candidates through multiple touchpoints—a large career fair, professional networking with alumni, exclusive recruiting sessions, and company presentation sessions—building valuable relationships for current and future hiring needs.

### For Students

Students from West Chester University and neighboring institutions attend the Summit ready to secure internships, land full-time roles, and learn to take the first step in their sales careers. Attendees gain direct access to recruiters, sales experts, and corporate partners, while learning about the skills and opportunities that define success in sales.

Pennsylvania Sales Summit is an immersive week-long sales career event that brings together **corporate partners, top employers, seasoned sales professionals, and aspiring sales students** for unparalleled networking, career development, and recruiting opportunities.
